Vaccine Schedule

Effective July 15, 2009: *The following changes will be made to the immunization schedule with routine maintenance check-ups.*

The vaccine schedule will be as follows:

- 1-month visit – Hepatitis B Vaccine
- 2-month visit – Pentacel (Dtap, IPV & HIB), Prevnar and Rotavirus
- 4-month visit – Pentacel (Dtap, IPV & HIB), Prevnar and Rotavirus
- 6-month visit – Pentacel (Dtap, IPV & HIB), Prevnar and Rotavirus
- 9-month visit – Hepatitis B
- 12 month visit – MMR, Varivax and Hepatitis A
- 15-month visit – Prevnar, HIB
- 18-month/2yr. visit – Hepatitis A, DtaP
- 4-year visit – DtaP, IPV, MMR, Varivax
- 11/12/15-year visit/pre-college – Tdap and Menactra
- 11-years and older HPV (Gardasil)

There is a minimum of 6 months between Hepatitis-A vaccines. A fourth dose of Prevnar after age 2 will not be administered if the child has had 3 previous doses.

4th dose HIB will be given at scheduled appointments up to age 59 months if not previously given.
